## Nestle Ice Cream

### Rebate Schedule

Company	Paid By	Rebate Amount	Rebate Based On
Nestle Ice Cream	Monthly	5%	Total Net Purchases

Rebates include all traditional, regular, premium, and super premium items in take home, novelty and scooping sized. The information to generate the rebate is provided by the Nestle Distributors to Nestle Canada Ltd. as sell out data for products purchased by store and in turn Nestle generates the rebate and provides the funds along with a summary by store to Fine Foods Advertising Limited for payment to the store.

There is additional funding provided on advertised items in the Fine Foods, Express Foods and PharmaChoice Programs. Please check your ad requisitions for details.

Novelty Cabinets are available from Nestle Ice Cream based on availability and program compliance. This program will be explained by your Nestle or Nestle agent contact.

Minimum Nestle Ice Cream order is \$250 per order on the regular order day as established by the Nestle distributor.

Price lists and planograms available.
